**We create a kinder, more inclusive world by using stories and songs to educate and empower youth about bullying prevention and mental health awareness.**

No Time for That Anti-Bullying Society (NTFT) is a registered Canadian charity that works with performers and motivational speakers to develop and deliver powerful presentations mainly to school-age children and youth about bullying prevention, mental health awareness, and youth empowerment.

These presentations are part of the “No Time for That” Tour, which is a full production program including 45 minutes of speaking, live music performed by a band, video, and volunteer activities. There is a 15 minute Q&A period afterwards as well as the chance to meet the touring crew.

So far, we’ve delivered over 600 presentations with the “No Time for That” Tour to schools across Canada, at no cost to the schools.

Each school visit has been with our Founder and performing partner, award-winning Elsie Morden. Elsie shares her own experiences with bullying and mental illness through personal stories and original songs. She is also a national ambassador for Kids Help Phone. We distribute Kids Help Phone materials at each presentation to ensure that students and staff receive the resources and support that they need.

Today, while working on building our roster of performing partners, we’re continuing our efforts of educating and empowering youth with Elsie Morden.

# Mission

To advance education about bullying prevention, mental health awareness, and youth empowerment by delivering seminars, workshops and presentations with personal stories and music to children, youth, educators, and the public.

A future where Canadians have no time for bullying, no time for stigma and no time for the negative.

# Vision

Inclusion - we celebrate diversity and equality, and honour the inherent worth and dignity of all individuals.

Passion - our presentation has been and always will be offered free of charge. We genuinely care about everyone affected by bullying and mental illness and want to make a positive difference in their lives.

Leadership - we strive to be the best role models possible. As leaders, our goal is to inspire more leaders and world changers that will represent models of integrity to their peers, community, and the greater world.

# FOUNDER'S MESSAGE

"She bends like a tree in the wind, but she'll never break."

A lyric of mine from one of the NTFT theme songs that seems to be incredibly relevant right now and sums up this past fiscal year.

Our programming and fundraisers, including our first ever NTFT Awards Show that was booked for the Spring of 2020, were unfortunately cancelled due to COVID-19. Our charity has definitely been hit hard by the pandemic, but we are doing our best to persevere.

During this time we have continued our efforts to build and strengthen our organization's structure and we are working on a new touring strategy.

Bullying and mental illness continue to drastically impact youth across the country and youth need support now more than ever. Since 2012, we have delivered over 600 "No Time for That" Tour presentations to schools across Canada at no cost to the schools. The plan is to continue touring next school year - virtually!

I want to say a huge thank you to our team, all of our continued supporters, and our new supporters. We are so grateful. You are truly helping us to ensure that we can reach youth coast to coast and provide them with the hope, inspiration, and resources that they may need.

The past few months have been hard for everyone and I am sending you all so much love. We will make it through this!

Never give up.

# NO TIME FOR THAT **VIRTUAL TOUR**

Due to COVID-19 travel restrictions, school closures, and social distancing rules, we are adapting to the situation by moving our youth bullying prevention and mental health programming to a virtual presentation platform. In order for this program to be professionally delivered, we will need to invest in new technology such as a video camera, lighting, microphones, a laptop and presentation software.

There has been a significant increase in calls to youth helplines since the COVID-19 pandemic started. Many youth are in need of support and resources now and in the future as communities adapt to the "new normal". NTFT has identified the importance of being innovative in order for our programming to continue.

We look forward to launching our "No Time for That" Virtual Tour in the upcoming 2020-2021 school year available to all schools across Canada!

Hey pals! Please check out this wonderful and positive organization that directly impacts so many youth and children through song, empowerment and story telling. Elsie has become a good friend of mine and she works hard to tackle bullying and mental health in young people and to do that, she goes to schools (free of charge) to chat and connect with kids! Check it out, share and if possible - please donate so she can start going to more schools around our local communities, provinces and hopefully on a larger scale!
