ABOUT US

No Time for That Anti-Bullying Society (NTFT) is a registered Canadian charity that works with performers and motivational speakers to develop and deliver powerful presentations mainly to school-age children and youth about bullying prevention, mental health awareness, and LGBTQ2S+ visibility.

These presentations are part of the “No Time for That” Tour, which is a full production program including 45 minutes of speaking, live music performed by a band, video, and volunteer activities. There is a 15 minute Q&A period afterwards as well as the chance to meet the touring crew.

So far, we’ve delivered over 600 presentations with the “No Time for That” Tour to schools across Canada, at no cost to the schools.

Each school visit has been with our Founder and performing partner, award-winning Elsie Morden. Elsie shares her own experiences with bullying and mental illness through personal stories and original songs. She is also a national ambassador for Kids Help Phone. We distribute Kids Help Phone materials at each presentation to ensure that students and staff receive the resources and support that they need.

Today, while working on building our roster of performing partners, we’re continuing our efforts of educating and empowering youth with Elsie Morden.

ELSIE MORDEN

Thank you for taking the time to learn about NTFT, we are so happy you are joining us in making the world a kinder and more inclusive place!

In November of 2020, we launched our NTFT Virtual Tour and it has been so incredible connecting with youth across the country! I definitely miss the in-person experience, however speaking with students in British Columbia and Newfoundland on the same day is a benefit of doing the tour virtually! Plus, we have been able to virtually visit schools in very remote locations, therefore expanding our reach significantly. Thank you to everyone on our team and all of our supporters for making this happen.

We held our first NTFT (Virtual) Awards show in June of 2021. The winning schools were celebrated for achievements like putting on the first Pride parade in their town, committing to becoming better allies, and spreading kindness by sending cards and care packages to

community members. I am so proud of the young people across Canada demonstrating such exceptional leadership and I'm glad that NTFT is able to inspire this ripple effect. We appreciate our 2021 NTFT Awards sponsors who helped us raise over \$35,000 for our NTFT tours.

This year, NTFT was the National winner of Dollar A Day Foundation's Changemakers Award. We are so grateful! In addition to receiving the award, NTFT hit a huge milestone – we are now receiving annual funding from Dollar A Day Foundation as an official charter charity! Thank you to Alan, Nichole, Brendan, and every single Dollar A Dayer for believing in the power of story and song.

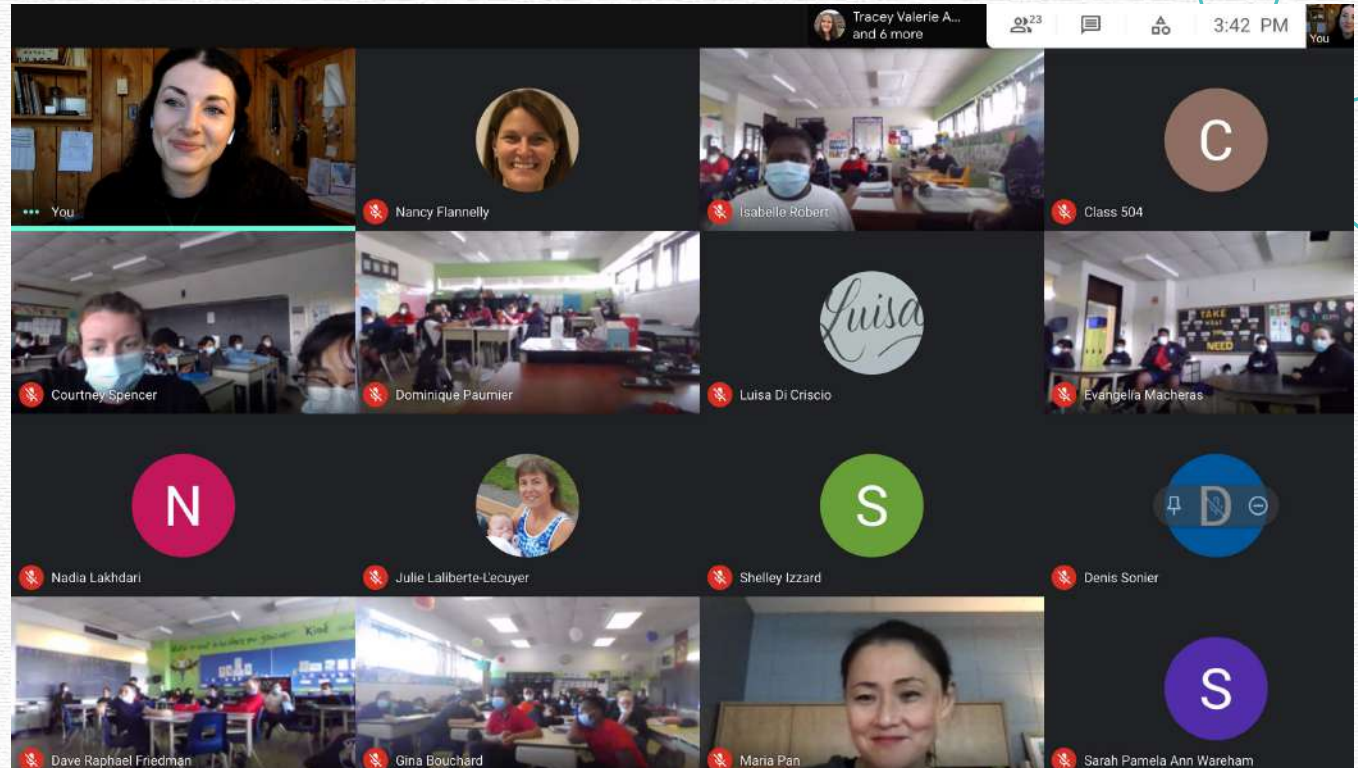

There have been many times throughout my life when I have felt like I'm not good enough and have wanted to give up. To be recognized by Atlantic Business Magazine as one of Atlantic Canada's Top 30 Under 30 for being the Founder of NTFT is such an honour. If you are struggling, you are not alone. There is hope and you too can persevere and make a positive impact in the world.

Music heals and representation is everything. NTFT is truly changing lives and I can't wait to continue to increase our impact next year!

2020-2021 SCHOOL YEAR

To date, NTFT has delivered over 600 presentations directly impacting over 150,000 students across Canada. In response to the COVID-19 pandemic and travel restrictions, NTFT developed a virtual tour format to continue our impact throughout Canada, the "No Time for That" Virtual Tour.

Hi :) our class just got finished watching your video. Our class really needed it and I'm so glad there is someone else with depression and severe anxiety. I was diagnosed when I was 7. Thank you for everything you do :) you are an amazing singer and a very pretty lady ❤️❤️

mme.lisa_ Today our school had a virtual assembly with @elsiemorden, who shared her touching story and taught the kiddos about anti bullying and mental health awareness. They absolutely LOVED being able to Zoom with her and ask her questions! Thank you @elsiemorden for the wonderful presentation!

Message:

I would like to thank you for speaking at my daughter's school this week. Your proactive actions and generous giving of your time has touched my heart. May you be blessed and successful in all you do :-)

Hi!! I just watched your presentation and I just wanted to say that I completely relate on the music level. I lost a really close family member last year and it's incredibly hard for me, and he used to play guitar so I picked it up almost a year ago... Now it's my favourite thing to do EVER. I play everyday and it makes me feel so safe and connected to him. I also write my own songs and i'm hoping that someday i'll get to share them with people. it's my biggest dream to become an artist so I hope it works out. I find it rily cool to talk to people who have the same passion as me:)

Hey you "came" to my school today and I just want to thank you I'm trans only out to a few and have recently been diagnosed with anxiety HSD and bipolar disorder I've been losing hope on my future day by day but today you showed my it is POSSIBLE to put my mind to things and accomplish them so thank you for inspiring my to keep fighting for those good days

thank you for presenting to our class, you really made me open up my mind to new things ❤️

rowynmaclean commented: Thank you Elsie. Your presentation was amazing. Keep sharing your story you are an inspiration to many ❤️ never give up. Thank you Elsie for your amazing voice and songs 🎵. So good ❤️ 1s

The event also showcased musical performances and special appearances by several well-known Canadian stars!

mom_wife_dancer BULLYING IN THE BALLET. MY PERSONAL EXPERIENCE.

I grew up in Ukraine and I have been dancing since I was 3 years old. The environment I grew up in was pretty brutal. There was a lot of unhealthy competition and unattainable standards for children. When I was 10 years old I was accepted into a prestigious ballet school. This particular school was located in another country, very far from my hometown Kharkiv.

During the two years that I spent away from my family I was bullied by my classmates. I was humiliated as well emotionally and physically abused.

I would love to say that I was brave enough to overcome these emotions, but I wasn't. I was so scared of my peers that I never felt comfortable telling my mom anything. It wasn't until last year, after I gave birth to my daughter that I was able to speak to my mom openly. I was 24 years old!

It is very difficult to express your real emotions to a crowd, especially when you are a child. Bullying leaves deep wounds in a child's heart.

I want to support the @ntftcanada charity organization, their CEO @elsiemorden, their volunteer @sarahjoe1 and the rest of the team as they educate kids about bullying and how it affects a child's mental health.

I'm also wearing socks with @ntftcanada. Please check out their website and support them in their great cause.

sanditreiving mentioned you in a post: And the winner is...teacher Allison Simon and the Grade 3 & 4 classes of Treherne Elementary School in Manitoba! 🏆

Jim and I were pleased to be presenters last night for the Virtual @ntftcanada Awards Show, which recognizes passionate youth who are standing up against bullying. The teacher and students at this school have made a positive impact in their community through a variety of creative, thoughtful and generous initiatives.

Kudos as well to @elsiemorden, a former Boston Pizza server and now founder & CEO of No Time for That, a registered Canadian charity based in Halifax, which educates and empowers youth about bullying prevention, mental health awareness, and 2SLGBTQIA+ visibility. Elsie is also a past recipient of the CAMH Difference Makers Award. Way to go Elsie! 🙌
